

Leica DISTO™ E7100i

The original laser distance meter

Small size, big possibilities

The Leica DISTO™ E7100i is world's smallest laser distance meter with integrated Bluetooth® Smart technology. This new product makes it possible to easily create floor plans and sketches using precise measurements from the Leica DISTO™ E7100i quickly by connecting it with the Leica DISTO™ sketch app on your smartphone or tablet.

Your Benefits:

- New handy shape and unmatched ease of use
- Extended functionality thanks to integrated Bluetooth® Smart technology and Leica DISTO™ sketch app
- Ideal for quick distance and area measurements indoors
- Removable pocket clip for easy carrying
- Leica Geosystems technology, quality and precision

Handy shape and unmatched ease of use

Leica DISTO E7100i™ is the smallest and the lightest laser distance meter in the DISTO™ product family. Its ergonomic design guarantees that the device fits perfectly in your hand and is comfortable to use. The self-explanatory buttons allow quick and intuitive operation. Measuring has never been easier than that!

Removable Pocket Clip

The pocket clip is a smart accessory that attaches easily and allows for direct access to Leica DISTO™ E7100i. Simply clip the device to the pocket on your trousers, shirt or jacket — wherever it's convenient for you — and you will always have it where you need it.

Bluetooth® Smart and Leica DISTO™ sketch

Take advantage of additional features by downloading the free Leica DISTO™ sketch app on your *smartphone or *tablet. This app offers you endless possibilities to create sketches, generate floor plans, and document your measurements with pictures using a smartphone or a tablet.

ISO Standard 16331-1

If you buy an ISO-certified Leica DISTO™ you can be sure, that accuracy and range stated on the package can be achieved on a construction site.

Scope of delivery

Art. No. 812806

- Leica DISTO™ E7100i laser distance meter
- Pocket Clip
- Holster
- 2 x AAA batteries

Technical Data

Accuracy, typ.	± 1.5 mm ~1/16"
