MEDIA ALERT
Golden Equipment Company and AUI Inc.
Donated \$15,000 to HOLMANS Foundation for Autism

WHO: Mr. Michael Bahrmann and Mr. Judd Segal from Golden Equipment coordinated with Mr. Sam Baca of AUI Inc. to present HOLMANS Foundation for Autism with a generous donation of \$15,000. This event took place at a quarterly HOLMANS Foundation for Autism Board Meeting.

WHAT: In 2010, Golden Equipment Company (GEC) founded “Colors for our Community” which is an annual community service project designed to impact and serve local charities. GEC painted or “wrapped” a specific piece of construction equipment in the colors of HOLMANS Foundation for Autism (pink and blue) and their logo. The specific machine was available to rent for 1 year. GEC donated 25% of the rental proceeds directly back to HOLMANS Foundation for Autism. This year the rental to AUI Inc. raised \$15,000.

WHERE: HOLMANS USA LLC, 6201 Jefferson St. NE, Albuquerque, NM 87109

WHEN: Monday, July 24, 2017

WHY: To increase public interest and awareness of Autism, recognize deserving teachers, and provide needed technology for Autism specific classrooms in public schools. All net proceeds from this donation will be used to purchase technology for classrooms and teachers who work with children with Autism.
